Introduction

This document was originally prepared and submitted as part of the Applicant's response to the Examining Authority's second written questions (Document Reference SCC/LLTC/EX/97, PINS Reference REP8-004) submitted at Deadline 8 on 12 April 2019.

It provides a table showing which documents and drawings would be updated to reflect the Non-Material Changes sought at Deadline 4. Following the procedural decision issued by the Examining Authority on 9 May 2019, these drawings and documents have subsequently been updated to reflect the non-material changes implemented.

Due to minor amendments to this table, it has been resubmitted (Document Reference SCC/LLTC/EX/170).

For clarity, a column entitled 'Title block update' has been added to this table to indicate which drawings have been updated solely to reflect amendments (arising from the non-material changes) to the 'key plan' featured in the drawing sheet title block.

Table of changes to application documents for Non-Material Changes

The following table lists the documents and drawings within the application, showing which will require amendment as a result of Non-Material Changes (NMC) submitted at Deadline 4.
