Dear Richard,

Lake Lothing Third Crossing ('LLTC') – DCO Application – Reference TR010023

Submission of consequentially amended documents relating to Non-Material Changes

Further to the Procedural Decision issued by the Examining Authority on 9th May 2019 regarding eight proposed non-material changes to the Application, the Applicant is submitting those documents that were previously indicated as requiring to be updated to reflect the inclusion of the eight non-material changes within the Application.

Appended to this letter is an explanatory table setting out how the documents submitted alongside this letter relate to those documents already submitted to the Examination by reference to the Examination Library.

Following a further audit of the Application, the Examining Authority should note there are small differences in the document list included within this submission to that set out within the NMC Report (Document Reference SCC/LLTC/EX/69, PINS Reference REP4-013) and subsequent response to question 1.2 in the Examining Authority's Second Written Questions (Document Reference SCC/LLTC/EX/97, PINS Reference REP8-004). This includes the number of ES figures and one additional sheet of the Traffic Regulation Measures (Prohibitions) Plans (Sheet 3).

A document setting out which application documents are affected by each non-material change is also submitted, titled as *Table of changes to application documents for Non-Material Changes* (Document Reference SCC/LLTC/EX/170). The Application Document Tracker R6 has also been updated (Document Reference SCC/LLTC/EX/171).

If you have any questions on any of these matters, please do not hesitate to contact me.

Yours sincerely

Jon Barnard
Project Manager, Lake Lothing Third Crossing

Appendix A: Explanatory table of updated documents in respect to non-material changes
