## H3.2 Email sent to elected representatives and additional consultee bodies/groups about the start of statutory consultation, 8 February 2018

Dear [name]

We are delighted to let you know that today we have launched further public consultation on our proposals for upgrading the A303 past Stonehenge.

Feedback from this consultation, which runs until 6 April, is important in helping us shape the scheme further. Along with further studies and assessments, it will influence the design we submit for development consent later this year.

Our proposed scheme includes upgrading the A303 between Amesbury and Berwick Down to a dual carriageway, a twin-bored tunnel at least 1.8 miles long past Stonehenge and improved junctions with the A360 and the A345. It also includes a northern route for the long-awaited Winterbourne Stoke bypass.

This marks a major step forward in the plan to improve this section of road which has suffered congestion for so long.

You can read much more information at [www.highways.gov.uk/A303Stonehenge/consultation](http://www.highways.gov.uk/A303Stonehenge/consultation) including details of all our public consultation events and the deposit locations where you can access printed copies of our consultation materials.

### H3.4 Email sent to elected representatives and additional consultee bodies/groups about the consultation extension, 21 March 2018

Dear [name]

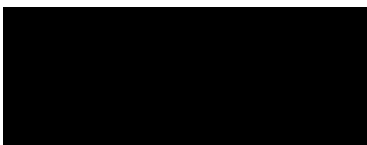

We wrote to you at the beginning of February about the launch of our formal public consultation on the proposals to upgrade the A303 past Stonehenge.

The purpose of this email is to inform you that because we needed to cancel some of our consultation events due to the severe weather, we have decided to extend the formal consultation period until **Monday 23 April 2018**. This will allow time for rescheduled events in both Mere and Salisbury, and allow sufficient time for people to respond following these.

Feedback from this consultation is important in helping us shape the scheme further; you can read more information at [www.highways.gov.uk/A303Stonehenge/consultation](http://www.highways.gov.uk/A303Stonehenge/consultation). This includes details of the remaining public consultation events and the deposit locations where you can access printed copies of our consultation materials.

If you have any questions you can phone us on 0300 123 5000 or email us at [A303stonehenge@highwaysengland.co.uk](mailto:A303stonehenge@highwaysengland.co.uk)

Kind regards

**Derek Parody, Project Director, A303 Stonehenge**

## H4 Engagement with hard to reach groups

### Hard to reach groups

Those organisations identified as hard to reach groups were among those bodies/groups sent letters and emails about the consultation on 6 February and the consultation extension on 20 March 2018 (Appendix H3). In addition, Highways England undertook additional engagement, seeking to contact groups to ensure they were aware of the consultation. Those groups whom Highways England was able to contact by phone and/or email are indicated in the summary Table H4-1, and an example of the email that was sent is provided below:

Good afternoon,

I am contacting you on behalf of Highways England with regards to the proposed A303 Stonehenge improvement project between Amesbury and Berwick Down as we wanted to make you aware of the consultation period, which is open until Friday 6th April 2018.

This consultation is your opportunity to give your views on the proposals. Please take this opportunity to get involved and let us know what you think by Friday 6 April 2018. Your feedback will help create the best possible scheme for this iconic, world-renowned landscape.

Please find the link to the consultation website here:

[www.highways.gov.uk/A303Stonehenge/consultation](http://www.highways.gov.uk/A303Stonehenge/consultation)

Please also note there are a series of consultation events where you can speak to someone about the project, these are outlined on the webpage, alternatively you can call the following phone number **0300 123 5000**.

If you would like any materials posted to make it easier for yourself or your customers at Avonlea House to make an informed response, please email the following address and these can be sent out to you [A303Stonehenge@highwaysengland.co.uk](mailto:A303Stonehenge@highwaysengland.co.uk). If you are posting your completed feedback forms, you can send them by Freepost to the following address: **Freepost A303 Stonehenge Consultation**.

If you have already received all the information you and your customers at Avonlea House need regarding this project please let us know so we can make a note of this so we won't have to contact you again.
