Subject: Registering my objection and as an interested party

Dear A303 planning team,

I have just tried to register my objection to the Stonehenge Tunnel.

As a regular worshipper at Stonehenge, since 1982, and a lifetime member of the National Trust, therefore a legal owner and guardian, of the Stonehenge sacred landscape., please allow me to register electronically or by paper for this enquiry.

I agree that the A303 should be permanently removed from the landscape but by using the existing roads through Larks field camp and across the heavily damaged military training grounds nowhere near the pristine archeology of the sacred Stonehenge landscape.

I disagree with the tunnel as

- 1) These massive works should not ever in take place within a UNESCO World Heritage Site
- 2) They could damage the actual Henge at the heart of the landscape
- 3) The untold damage on the archeology of these unique sites in the landscape
- 4) The spiritual desolation of driving a tunnel under and through the Earth Astral temple that is Stonehenge
- 5) The impact ion the Block Mead mesothic site
- 6) The objections of UNESCO to the development

Please accept this registration of objection,

Tom Hoeksma
