---

Dear Sirs ,

I can confirm that my client or I on his behalf wish to speak at both a Compulsory Acquisition Hearing and an Open Floor Hearing in connection with the A303 Stonehenge Scheme.

Highways England are very well aware of the problems the scheme as published will present to my agricultural business. The details of the traffic movements generated by my business are well documented however I have not been offered direct means of access to the "new" road after construction and highways England are also well aware that it is not possible to manoeuvre my combine harvester through Amesbury. My client therefore believes this is sufficient reason for an Issue Specific Hearing to be held as my client currently enjoys direct access and Highways England are not carrying out their Statutory requirements .

Yours faithfully
