Dear Sirs

**On behalf of Mrs F and Mrs L Whiting, Scotland Lodge Farm
The Examining Authorities Written Question Reference: AG 1.24 - Agricultural Land (Water
Supplies)**

In connection with EX1AG1.24 and on behalf of the Whitings at Scotland Lodge Farm I attach an annotated plan showing the agricultural business that relies on a private bore hole for their water supply and currently the entirety of the supply to the property within the red boundary on the attached plan is supplied through a bore hole located at Scotland Lodge on ground not owned by the Whiting family.

In order to have independence of supply my client is intending to install his own bore hole in 2019 and again, the supply will be wholly reliant on the installed bore hole.

Yours faithfully,

[REDACTED]
