

RESPONSE TO EXQ CA.1.43

The Examining Authority ('ExA') has asked the Amesbury Property Company and Classmaxi (through PFA) to:

- (i) provide further details of your objection to the compulsory acquisition of the areas of land and/or rights over these areas of land sought,
- (ii) explain your alternative proposal for Byway AMES1, and
- (iii) explain your proposed mechanism to demonstrate that the use of compulsory acquisition powers is neither necessary or justified.

With respect to questions (i) and (iii) these details are set out in our written representations which have been submitted separately to the ExA.

With respect to question (ii) the general arrangement, as shown on the land plan, an extract from which is identified below, now represents our alternative proposal which, subject to the mechanism and details identified in our separate written representations, are acceptable.
