---

Dear Sirs,

further to my oral presentation at the open floor hearing 1 this morning, please may I ask you to share with the inspectorate the below email which confirms the discussion that were being held with Mr Alcorn regarding the alternative Southern Bypass and which were dropped after Mr Alcorn left the project.

Due to time constraints today, I am unable to share the reams of correspondence around this alternative proposal, however I wish to register the fact that the route was not one that has ever been considered before. I would therefore like the opportunity to present the more detailed proposal at an appropriate moment.

Attached is a basic outline of the route current and proposed, the red lorries are in relationship to the value of business impacted by the roads they are on as per the Salisbury Chamber survey that was carried out for Atkins/Arup

I look forward to hearing from you soonest.

Kind regards

Andy Rhind-Tutt

Hi Andy

I hope that you are well.

At our meeting of 19<sup>th</sup> August you handed over a Google Maps plot of your alternative southern route option. You also offered to forward an electronic version. May I take up the offer of an electronic version, which would be easier to forward to the design consultants for consideration.

Thanks for your assistance, regards

Andrew

**Andrew Alcorn**
