Please be advised that I have unfortunately so far been unable to put in recent written representation due to intense Great Bustard chick rearing and very little time and internet access. However the critical time and intense rearing is now coming to an end and if required and acceptable I can put some written document together. I will be attending the Issue Specific Hearing tomorrow but in the meantime I can endorse the comments made by M & R Hosier & Stonehenge Alliance in particular with regard to the proposed open public access and subsequent human disturbance and enhanced disturbance during construction.

Apologies if this is short and to the point but hopefully more in depth comments can be made at tomorrows meeting.

Kind Regards

Ruth Manvell
