Subject: Objection to closure of byways
Date: 03 July 2019 20:12:04

I am writing to express my concerns over the potential closure of the byways around the stonehenge area. I strongly disagree with this and ask you to consider if it is at all necessary.

My reasons for objecting to the potential closures are as follows;

It will restrict my access (along with many others whom enjoy the area for its wildlife and views) to the surrounding area.

It will put more pressure on other local byways (that already see increased traffic due to other byway closures in the area)

A lot of pressure to close the byways seems to stem from English heritage wanting the monopoly on stonehenge. I believe this was actually written in a report saying as much, they won't be happy until no one can see it without paying them, this is a disgusting concept and I hope that you agree.

Please consider these points when reviewing the possibility of closure.
