Subject: Deadline Six - Responses to Questions in ExQ2
Date: 16 July 2019 15:29:27

Please find below the responses of Winterbourne Stoke Parish Council to Questions in ExQ2:

De 2.2 - Clearly in a scheme of this international importance, a single, imaginative and cohesive design vision is essential.

De.2.3 - All of these issues are of major local importance and those directly affected by virtue of their land ownership and regular and repeated access to the areas in question should be consulted.

De.2.4 - Consultation is desirable as we believe the Applicant has grossly understated the visual and auditory impacts of the scheme and has not introduced sufficient mitigation measures from the outset. The models used to defend the Applicant's position are unvalidated and as such, unfit for purpose, whether or not they are "industry standard".

De.2.6 - The Applicant's use of "illustrative" drawings" has been a major concern of our parishioners from the outset. We believe that little reliance can, or should, be placed upon them unless they can be shown to accurately reflect reality.

LV.2.4 (and Ns 2.2)- We are not aware of any measures that have been adopted by the Applicant to assess the tranquility of the western end of the scheme as it is now and as it might be post construction. This is a critical shortcoming on a scheme that impacts on a rural area.

Best Regards

Cllr Dr Andrew D Shuttleworth
Winterbourne Stoke Parish Council
