05 August 2019

Dear Mr Price,

**A303 Amesbury to Berwick Down
Application for Development Consent – Proposed Non-Material Changes Application**

Further to our letter submitted to the Inspectorate on 21 June 2019 providing notice of the Applicant's intention to propose non-material changes to the Application, Highways England confirms that the non-statutory consultation on the eight proposed non-material changes started on 26 July 2019 and will close at 11:59pm on 26 August 2019 ('Proposed Changes Consultation').

As per your response letter dated 27 June 2019 and subsequent telephone call on 18 July 2019, Highways England is submitting an Additional Submission to the Examining Authority ('Proposed Changes Application').

The Proposed Changes Application comprises the Applicant's request to the Examining Authority to accept into the examination of the Application eight minor, non-material changes to the scheme for which development consent is sought. The Proposed Changes Application also contains a copy of the Proposed Changes Consultation Booklet along with a correction sheet relating to an amendment to the proposed change NMC-06, the content of which I trust is self-explanatory.

In accordance with the Inspectorate's request, we will also prepare a Non-Statutory Consultation Report following the close of the Proposed Changes Consultation and this will be submitted to the Inspectorate at Deadline 8.

I would be grateful if you could acknowledge safe receipt of this letter and enclosed documents.

Yours sincerely

Derek Parody
A303 Stonehenge Project Director
