29<sup>th</sup> September 2020

Dear Highways England

**Application for the proposed A303 (Amesbury to Berwick Down) Development Consent Order (application reference TR010025) (the Application). Notice regarding submission by Highways England of other substantive information under the Infrastructure Planning (Environmental Impact Assessment) Regulations 2017**

Thank you for letting the AONB know about the additional archaeological matters raised in connection with the A303, Amesbury to Berwick Down. I apologise for the slightly delayed response to you; however, it seems that the additional information, and any consequences flowing from it, would not impact directly on this Area of Outstanding Natural Beauty. This AONB does, therefore, have no additional comments to make on this other information.

Yours faithfully
