Paul Maddox

[REDACTED]

To whom it may concern, I am writing to express my objection to the Stonehenge road scheme. I see from the report that the road scheme has other options which are less adverse and better for the areas conservation. These include an alternative route, a longer tunnel and less severe engineering solutions. I hope that you see sense and explore these options instead of continuing with the current proposals. I am strongly AGAINST the roadway and would like to see something done to prevent it.

Regards,

Paul Maddox.
