Subject: Redetermination of A303 Stonehenge scheme
Date: 14 March 2022 14:53:58

The Glasgow Cop26 Glasgow conference will have been a total waste if the vandalism of a world heritage site at Stonehenge goes ahead with a tunnel.

Destroying the site so close to the stones will wreck knowledge that archaeology will find in many years to come.

Huge amounts of concrete ,polluting the atmosphere, and needing much energy to produce are not what this or any country needs.

A bypass is needed out towards Salisbury connecting back to Solstice roundabout.
