I live in Wiltshire.

To dig 2 holes under Stonehenge is a dreadful waste of money. Inflation means by the time it is done, it will cost twice the price quoted today.

Put a new dual road to the south and spend all the money saved, in Wiltshire. I believe all people with any sense would agree this is the best answer to the problem. Act like the U S A when they built the Alaska High Way. Call in the army engineers and get the job done.

The way it is going, it will never be done!
