Subject: New Amesbury to Berwick Down A303 Dual Carriageway Scheme - REQUEST FOR COMMENTS
Date: 09 March 2022 10:27:27

Looking at the information provided by National Highways, my comments on the proposed scheme are:

1. National Highways has not fully assessed alternative routes that would be less damaging to the World Heritage Site, e.g. a longer tunnel or a bypass route to the south
2. National Highways has not updated the scheme construction costs
3. National Highways has failed to update the carbon assessment and costs.
