Subject: A303 Construction/Stonehenge Road Scheme
Date: 23 March 2022 09:38:02

Dear Sir/Madam,

I would like to submit my opposition to the planned above road scheme in order to keep the Stonehenge World Heritage Site from desecration.

Concern for climate change has increased with the latest Intergovernmental Panel on Climate Change report and the need to take urgent action to reduce emissions, not increase them as any new Stonehenge road scheme would; and

National Highways has failed to take the 2021 World Heritage Committee [Decision](#) into account

It has also failed to fully assess alternative routes less damaging to the World Heritage Site e.g., a southern bypass route would be cheaper even if there might be some problems with it, while a longer tunnel would reduce impact on the World Heritage Site

Furthermore, it failed to **explore alternatives to hard engineering** solutions in the context of safeguarding and enhancing the World Heritage Site - e.g. a package of measures to reduce road traffic, road emissions and improve access to the South West;

- updated the scheme construction costs; nor
- updated the carbon assessment and costs

Thank you very much for your time and best wishes, Regina Wolek
