Dear Secretary of State,

I understand that you have invited further comments vis-a-vis the A303 road scheme and Stonehenge and that you have already found that the proposed Scheme's impact on the western cutting area would be significantly adverse.

This is a vital part of our National Heritage so I would like to make the following comments;

1) National Highways has failed to take note of the 2021 World Heritage Committee's Decision on this matter

and

2) They have also failed to fully assess alternative routes, such as a southern by-pass, that would be less damaging.

Yours faithfully,

(Dr) Bernard Juby
