Christina Tipping

Dear Sir in reference to your proposal of rd near to a valuable national heritage site ....I wish to state your planning is wrong and not taking into consideration the valuable environment...

Some things need protecting and you are not looking at the bigger picture ..I suggest you relocate your proposed new rd away from Stonehenge.....and find another way round .....somethings cannot be replaced a rd can veer direction , route or alternative...cheapness is not always the answer in the long run .. hoping you take into account the amount of people who are against your present scheme ..I hope someone has common sense

Christina Tipping ....one who appreciates history.
