**Subject:** Redetermination of A303 Stonehenge scheme  
**Date:** 09 March 2022 12:06:13

---

The current National Highways plans for the Stonehenge road scheme are inadequate to meet environmental, climate and emissions concerns. This has been stressed by the UNESCO World Heritage Committee.

I write to ask the Secretary of State for Transport to reject the current plans and require National Highways to propose alternative routing of the A303 to avoid the Stonehenge site and protect the site in perpetuity.

Best regards,

Jonathan
