Dear Sir

I am writing to express deep concern that the plan currently threatens the safety, ambience and unique beauty of our greatest heritage Stonehenge. This incredible structure was mine to enjoy without payment or desecration and my granddaughters expect to inherit the same.

Cars and lorries are only the transport of today, they may soon be replaced in a future with little oil or petrol and no need for this proposed upheaval.

I therefore ask that the proposal be shelved for 5 years and then re examined.

Yours sincerely

Barbara Wood Kaczmar
