---

Dear Sirs,

I believe that the consent for this road scheme should be reconsidered in view of:

1. the escalating cost, with a review of these costs
2. the impact on the world heritage site (destroying a great deal of the heritage landscape by creating a tunnel. This world heritage site is very important and there would be far less damage to the site if the road was widened for a dual carriageway.

I believe more discussion is needed to find an alternative to a tunnel, as that would cause too much damage to the site and the Stonehenge landscape.

Yours sincerely

Elizabeth Tibbetts
