Dear Sir/Madam,

I am writing to express my concern over the proposed development in question, which Unesco has indicated could jeopardise Stonehenge's World Heritage status. This would be especially damaging to the UK given the wider context of the recent removal of such status from Liverpool. Considering the great cultural and historic value this site holds not just to the UK but also to the entire international community, I feel that UNESCO's position is more than sufficient grounds to merit a thorough re-evaluation of this situation.
