Dear Sir/Madam

This proposal will seriously damage Stone Henge as well as the area around this great monument and the reputation of this country in its care and up keep of its ancient and historical sites. The plan being put forward by highways England is akin to Isis destroying

the parts of history they didn't like.

So what if the road gets busy no one minds ( most are taking the opportunity to look at the beautiful structure) and those that do still wouldn't want Highways England to disfigure it and the surrounding countryside in their name.

Thank you

Paula James
