Dear Sirs

I wish to record my opposition to the current plan to drive a tunnel through the site. All the evidence shows that the entire Stonehenge site to a depth of more than 20 metres is full of signs showing how the site was built and accumulated over 5000 years. All this would be destroyed or lost if the present plan were implemented. A way must be found to divert traffic carried by the present A303 well away from the Stonehenge site and approach roads to it.

Yours

Nicolas Barker
