Subject: Stonehenge MUST BE SAVED
Date: 02 April 2022 13:43:31

I have to just state simply that there must be a big NO to the destruction of this sacred Stonehenge as in essence that what it would be to put any road or tunnel in any shape or form anywhere near this magnificent site.

It has been assessed already that any road scheme will severely damage this area of great importance and this should stay that way.

No more roads should be built anywhere within its vicinity and the current road should be planted with trees to block the sight from onlookers on the road so that they do not slow down on the highway.

Please do not overrule the previous court hearing and leave this area well alone as there is no need to change anything. This area must be preserved for future generations.

PLEASE LEAVE WELL ALONE AND DO THE RIGHT THING FOR GOODNESS SAKE.

Regards Mr and Mrs Griffin
