Dear Mr Shapps,

I do not write to you to discuss National Highways failure to make any changes to the proposed Scheme to take into account the 2021 World Heritage Committee decision nor their failure to assess alternatives less damaging to the World Heritage Site such as a southern bypass route which I understand would be cheaper. Nor their failure to explore alternatives to disruptive engineering at the World Heritage site.

I write to remind you that Stone Henge and it's environs are of great spiritual and religious significance to a great many people in this country and who look to you for this issue to be treated with sensitivity and care and not bulldozers.

Yours

James Wyatt-Lees
