Subject: respectfully opposing road widening
Date: 02 April 2022 05:33:24

Dear Leaders,

Greetings! I am a college student who supports protecting our ecosystems from degradation. I am concerned that, once again, National Highways is lobbying hard for its discredited Stonehenge road widening proposal to be approved by the Secretary of State for Transport.

I ask you respectfully to please not allow this concerning proposal to go through. Let's work together to ensure this magnificent national treasure remains pristine for future generations.

Thanks so much for your time!

Take care,

Rebecca
