Dear Sir,

Please widen the A303 and make it a dual carriageway all the way up the hill from the Little chef to where the pigs are just before the roundabout on the left going west. This will enable EVERYONE to see Stonehenge, a national and world wide monument and save a lot of bread. I cannot understand why anyone would drill a tunnel under Stonehenge and waste all that money. It would be a real shame having stood for 5000 years.

Yours in anticipation,

James Cracknell. [REDACTED]
