Subject: Re Stonehenge proposals
Date: 02 April 2022 20:30:47

Dear Sir,
Having lived in [REDACTED] off the A360 just 7-8miles from Stonehenge
I understand the issues regarding the need for a bypass/widening of the A303.

However Stonehenge is a unique feature.
Please can you consider the southern route option, nearer to Salisbury.
It will prevent further damage to a site which is re known world wide.
I would not like to be responsible for the degrading of a site of such historic and
geographical interest.

Yours sincerely
Hilary Jones
