I wish to object to the current plan.

Of course the existing situation is truly dreadful : our UNESCO world heritage site ruined by passing traffic.

BUT it seems to me that the Nat Highways scheme is unsatisfactory.

It will clearly irreparably damage the wider archaeological site . The "western cutting" is already acknowledged as severely damaging.

It is essential you undertake a further review , taking into account the latest climate emergency , and recognising that this ugly invasive plan satisfies no-one.

Alan Fox
