Hi, hang on here, how many more new roads do we need.

[REDACTED]

Its the same with new house building, All we are doing is giving people with money the chance to own two or more homes.

[REDACTED]

But at what cost to our countryside.

I am sick at the sight of more green land and trees been cut down just for more new roads and housing to be build on.

Ask yourself this, How many roads do we need, Lets face it we have roads running just about all over the place, Once again how many more do we need.

I know we have [REDACTED] in Britain who will just say well it will make it easier to get about.

Its time to start thinking about our little island.

Also if [REDACTED] wants to make a name for its self, maybe setting up industries would be a good idea. Lets face it building new roads and houses can only go on for so long.

I hope with all my heart this road at Stonehenge is never build.

Britain can do with OUT.

Martin.
