Subject: Preservation of the Stonehenge site
Date: 02 April 2022 22:52:07

Dear Planning Inspector,

I am writing to express my concern that Stonehenge is in no way threatened or impacted by plans introduced by the National Highways that could effect the site adversely. A road widening scheme should be greatly discouraged and in no way approved by the Secretary of State for Transport. The heritage of this sacred site is important to preserve and must be respected.

Thanks for your attention.

Kind regards,

Maureen Paley
Diretor
