Dear Sir/madam

I am contacting you as Wally Dean, the Chosen Chief of the Secular Order of Druids and also as a child who has been bewitched by Stonehenge since I was 3 years old. My late father used the A303 regularly and it was always a treat to come over the brow of the hill and seeing the Stones and if lucky stop for a picnic. The idea of future generations being deprived of such joy upsets me deeply.

UNESCO and many archaeologists are against the scheme, due to poor investigations into the impact from Blicks Mead to the far side of the Stonehenge area. There is even talk of the World Heritage status being taken away

Please reconsider the by pass options and please do not allow the tunnel

yours

Wally Dean

Chosen Chief of the Secular Order of Druids
