Dear Sirs,

Whilst I agree with the principle finding of the report of the Advisory Mission, i.e that the scheme would have an adverse impact on the OUV of the WHS and that a southern bypass should be further explored.

The Mission admitted that at the very least the western limit of the tunnel should be extended to the WHS boundary.

National Highways has simply reiterated many of the arguments it has raised previously to justify a scheme which is unacceptable and has failed to alleviate any of the concerns that have already been expressed by interested parties.

I continue to object to the proposals and hope that the scheme will be abandoned.

Should the Transport Secretary intend to proceed with thee scheme I trust that it will be subject to another formal public Examination so that all off the new information submitted by National Highways and others since 2020 may be fully and openly discussed, taken into account and advised upon by the Government's independent Planning Inspectorate.

Yours Sincerely.

Elizabeth Hart
