Dear Rt Hon Anne-Marie Trevelyan MP,

Having looked at the "Final Report on the joint World Heritage Centre / ICOMOS / ICCROM Advisory Mission to Stonehenge, Avebury and Associated Sites", I agree with the findings that the current proposed scheme of a tunnel does not sufficient protect the Stonehenge World Heritage Site (WHS).

The mimimum solution proposed is to further extend the western end of the tunnel to protect the Outstanding Universal Value of the WHS.

Should the Transport Secretary intend to proceed with the scheme, I trust that it will be subject of another formal public Examination so that all of the new information submitted by National Highways and others since 2020 may be fully and openly discussed, and taken into account and advised upon by the Government's independent Planning Inspectorate

Yours sincerely,

Christopher Lumb
