Subject: Proposed Bypass is Toxic - It damages our UK Heritage - Need to look for Alternatives.
Date: 26 September 2022 10:25:14

Rt Hon Anne-Marie Trevelyan MP, Transport Secretary,

I have read the National Highways response to the UNESCO Report.
I worked as a Management Consultant, and looking at the facts presented,
in your response to the UNESCO Report, they FAIL TO ANSWER ITS FINDINGS.

In particular, **To Consider Less Intrusive Alternatives** (Albeit more costly).

Our late Queen, and HRH King Charles exemplify British Values, British Tradition.

HMG trashing a major, World Class Ancient Monument is the antithesis.

Please take these observations into consideration, and find an Alternative
Route,
that Respects our National, Our World Heritage Site.

Thank you,

Peter (Handforth)
