**Subject:** Re: TR010026 meeting 6th February 10am

Dear Heidi Cruickshank,

I wish to attend the meeting in Truro on the 6<sup>th</sup> February at 10am.

I am in full support of the scheme, however as owner of Trevissome Park (next to the new Chiverton Roundabout) I have specific concerns about the impact of the construction phase. We have over 200 vehicles which enter and leave the site at least once a day. Looking at the phasing of the project there is a really big chance that this could be quite devastating to the daily operation of Trevissome Park. I therefore need reassurance that the impact can be managed and I would like to understand specific ways in which the traffic can be managed to avoid a negative impact on the businesses that operate from Trevissome Park. Please could you advise me on the best way to bring this to the attention of the inspectorate? I am more than happy to speak at the event, or subsequent events if these are more appropriate.

Best wishes,

Jonathan
