---

I am writing in response to the above document.

I, as joint owner of Nancarrow Farm, have not changed my position concerning the planned route.

Firstly I wish to record that this favoured route **IS STILL the wrong route** and considerably more damaging to not only Nancarrow Farm but to the whole village of Marazanvose, than a northern route would be.

The Northern route unlike the southern route does NOT destroy a village, infact it will unite it. It does not destroy 2 dwellings (1 with planning permission yet to be built). It is a long way from a Listed building, again unlike the southern route.

You mention the northern route bring close to Chiverton House however Chiverton House will be at least 4 times the distance away from the new road that Nancarrow Listed farm house will be on the southern route.

There are a number of areas on the project where being more direct would save taking land **BUT** H.E. have slightly altered the route for more important reasons.

Taking a little more land to the north of Marazanvose surely fits into this same category?

Your sincerely,

David,

Mr David Mewton
