Subject: Deadline 7 submission Nancarrow Farm
Date: 15 July 2019 22:24:45

Dear Chiverton to Carland Cross team

By way of update before the deadline 7, we would like to submit the following;

Route selection

- We do not believe that HE have responded fully to the points raised in our Deadline 4 submission, and that fundamental and serious questions relating to route selection remain unanswered

Business Impacts during construction

- Discussions with regard to mitigating the effects of the scheme during construction and the negotiation of an associated legal agreement are ongoing, with an update to be provided prior to the end of the examination.
- The current levels of works restrictions will still result in significant business disruption and loss of income which HE are still maintaining are not eligible for compensation. As such, we would like to re-enforce our objection to para 16.2.29 of the CEMP, in particular to the hours of working being 0730 to 1930 Monday to Saturdays between March and October and 0730 to 1800 for the rest of the year.
- Saturday working should be restricted in the vicinity of NF to mitigate significant business disruption & local economic loss during construction, with further protective provisions necessary for other events.

SOCCG

- No further progress has been made with the draft SoGC with resources being utilised in progressing the draft legal agreement.
- Final revisions will be submitted before the end of the examination.

Kind Regards

Steve & Lucy Chamberlain
