Subject: RE: Deadline 7 Late Submission
Date: 19 July 2019 13:06:18

Dear Sir/Madam

Although Deadline 7 passed four days ago, the Applicants' comments on Deadline 6 Submissions contained a fundamental error and we ask the Inspector to please accept this document as a late submission.

In an attempt to resolve this situation over ownership of the stream, the Harvey Family reported at Deadline 6 that they had offered to sell the freehold of the stream to the Applicant. Highways England responded in 8.27 Comments on Interested Party Submissions at Deadline 6 that "*At no time during this engagement was this suggestion received from the Harvey Family*". This statement by the Applicant is untrue; a written offer was sent by email to Mr Hodder, Project Manager, on 1st July, three days before the deadline 6 submission. We received no response from Mr Hodder so went ahead with our submission. A copy of our email is available if required.

The Applicant's submissions over purported discussions and agreements regarding Pennycomequick have been inaccurately reported to the Inspector on no less than three occasions, viz deadlines 3,5 and 6. This is not acceptable.

Briefly, we have offered to sell the stream to the Applicants providing an alternative water supply is provided to replace the existing stream source and the new boundary is fenced. We interpret their response as "maybe" to the first and "no" to the second. The Applicants have demonstrated no reason as to why they need ownership of the stream but simply keep stating this is in order "*to construct and maintain the scheme*". More recently they have added "*The works on this stream are required as part the new scheme for Highways England to maintain the stream and the associated culverts and drainage outfalls*". The stream serves the old (existing) A30 and is nothing whatsoever to do with the new road. The attenuation pond outfalls for the new road are a considerable distance downstream from, and well below the level of the stream crossing our land. They have not demonstrated need or satisfied the requirements of compulsory purchase.

Yours faithfully

The Harvey Family
