Section 56 Planning Act 2008

Regulation 9 of The Infrastructure Planning (Applications: Prescribed Forms and Procedure) Regulations 2009

Notice of Acceptance of an Application for a Development Consent Order

M42 Junction 6 Order

Notice is hereby given that the Secretary of State for Transport has accepted an application by **Highways England Company Limited** of Bridge House, 1 Walnut Tree Close, Guildford, GU1 4LZ ("Highways England") for a Development Consent Order ("DCO") under the Planning Act 2008 ("the Application"). The Application was submitted by Highways England to the Secretary of State c/o the Planning Inspectorate ("the Inspectorate") on Wednesday 2 January 2019 and was accepted on 30 January 2019. The reference number applied to the Application by the Inspectorate is TR010027.

The DCO would authorise the creation of a dual carriageway and works to existing junctions. The proposed development ("the scheme") in summary involves:

- Construction of a new 1.5 mile (2.4 km) dual carriageway (in the main in cutting) to the west of Bickenhill between the Clock Interchange on the A45 and a new junction (5a) on the M42, north of the Solihull Road.
- New free flow links around the north west and north east of the M42 junction 6.
- Works to the Clock Interchange and the A45 between the Clock Interchange and the M42.
- Works to the south east side of the M42 junction 6, the A45 westbound (east of the M42 junction 6) and the M42 junction 6 southbound slip roads.

The DCO would authorise the compulsory acquisition of land, interests in land and rights over land, and the powers to use land permanently and temporarily for the construction, operation and maintenance of the scheme.

The DCO would make provisions in connection with several ancillary matters including the permanent construction and alteration of streets, the temporary and permanent stopping up of streets, public rights of way and private means of access in the vicinity of the scheme and the classification of roads all included within the scheme along with the amendment, disapplication and modification of relevant legislation.

The scheme is Environmental Impact Assessment development ("EIA development") as defined by the Infrastructure Planning (Environmental Impact Assessment)

Regulations 2017. The Application is therefore accompanied by an Environmental Statement.

Copies of the application form and accompanying documents, plans and maps, including the Environment Statement are available for inspection free of charge from Thursday 14 February 2019 until Thursday 28 March 2019 at the following locations and times:
