I have attended the Marston Green and Bickenhill Parish Council meeting this evening where I was informed that you are planning to build the compound for housing machinery and vehicles for this application in the field directly behind my house which I was unaware of. Upon returning home from this meeting I ironically received an email from yourselves this evening confirming the agendas for the above meetings.

I would like to attend all three meetings and am urgently trying to rearrange my work schedule to do so. I will definitely be able to attend the Open Floor Meeting and Issue Specific Meeting and intend to attend the Preliminary Meeting but may not be able to arrive by 10am and may well be late. I would like to ensure this acceptable to yourselves as I would like to raise my obvious concerns that the housing of this compound directly behind my property bring to myself and my family.

My name is Mr Heath Cotterill of [REDACTED]

I believe I may have slightly missed deadlines to register my intention to speak/raise my concerns but due to the importance of this issue to myself would be grateful if you could confirm that time will be allocated for me to do so.

Thank you for your anticipated cooperation
