Heath Cotterill

Interested Party Ref: 42J6-S57005

I have read in as much detail as possible in the short time since their recent posting the Deadline 9 submissions. I am disappointed to see the responses from Highways England in relation to the proposed amendments recommended by the Examining Authority and am concerned to see their non inclusion in the DCO.

I wish to confirm my appreciation for the efforts made by the Planning Inspectorate to take into account the wishes and concerns of local residents and businesses and hope that their recommendations be taken on board by the Secretary of State.
