# 1. Introduction

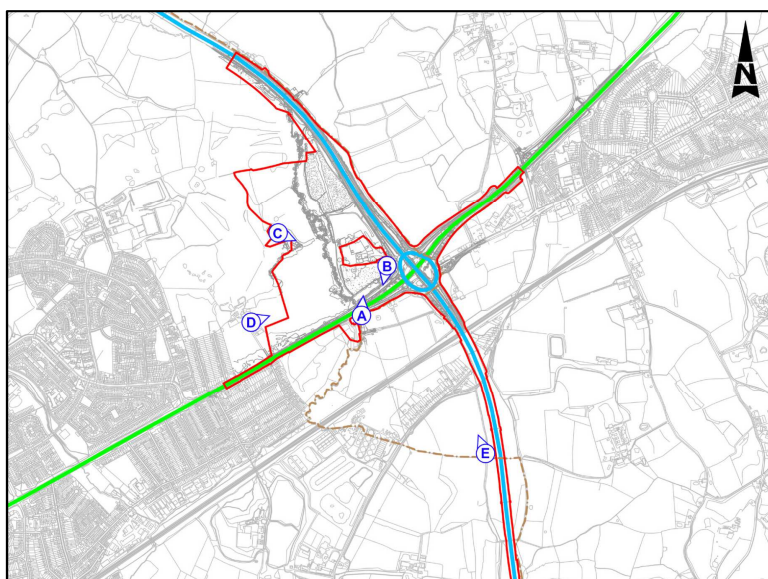

- 1.1.1 This document has been produced in response to the Examining Authority's (ExA) Procedural Decision following Issue of Acceptance Decision (PD-004), dated 25 June 2020, requesting the submission of photomontages depicting the Proposed Development. The summer photomontages were submitted to and accepted by the ExA in July 2020 (AS-002 to AS-006). Winter photomontages have now been prepared and this document forms part of a suite of five winter photomontage documents in total.
- 1.1.2 The photomontage methodology (AS-008) submitted with the summer photomontages in July 2020 has been updated to cover the preparation of the winter photomontages.
- 1.1.3 This document shows the location of viewpoint D selected for the photomontages. The winter photomontages for viewpoint D should be read as additional figures in support of the Environmental Statement Chapter 9: Landscape and Visual (APP-044) and the summer photomontages for viewpoint D (AS-005).
