# 1. Introduction

## 1.1 Purpose of this Document

- 1.1.1 Highways England made an application under section 37 of the Planning Act 2008 for an order granting development consent (DCO) for the proposed M25 junction 28 improvement scheme ("the Scheme"). That application ("the Application") was submitted to the Examining Authority on 27 May 2020 and was accepted for examination on 24 June 2020. The Application is being considered by an examining authority (ExA) appointed by the Secretary of State.
- 1.1.2 Since submission of the Application, Highways England has continued to engage with stakeholders and to undertake further design work to develop plans for the implementation and construction of the Scheme. As a result of this work, and following consideration of the representations which have been made by interested parties, Highways England identified four changes to the Scheme (the Proposed Changes or Changes 1-4) as described in the accompanying written report (TR010029/APP/10.1).
- 1.1.3 This document lists the versions of the plans, drawings and sections which would be revised as a result of the Scheme changes should the Proposed Changes be accepted. Table 1.1 provides a list of the drawings revised by Changes 1 to 4.
- 1.1.4 Should the request for the Proposed Changes be accepted, the revised drawings will become examination documents, to be submitted by Highways England at a future deadline. This would be accompanied by an updated Guide to the Application.

## 1.2 Drawings showing Changes 1 to 4

- 1.2.1 The drawings in Part 1 (listed in Table 1.1 below) show the Scheme if Changes 1 to 4 were to be accepted.

**Table 1.1: Changes 1 to 4 Revised drawings plans and sections**

# Appendices

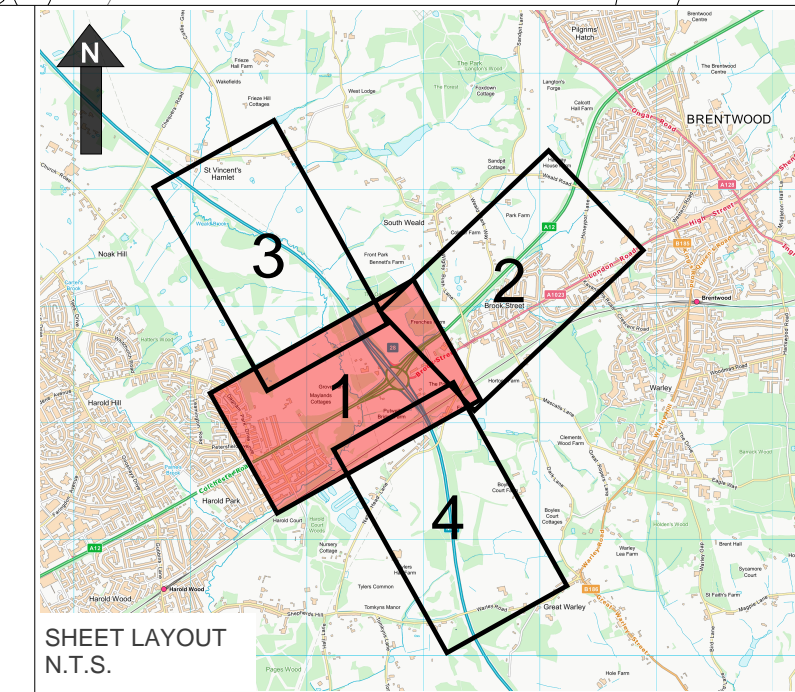

# Appendix A. Land Plans

- Notes:**
- The legend is identical on all sheets of the Land Plans and therefore not all items detailed in the legend are represented on each sheet;
  - Land Parcel/Plot numbers are annotated in blue made up of a unique plot number. These plot numbers correspond to those represented in the Book of Reference;
  - All dimensions are in metres unless stated otherwise;
  - These Land Plans should be read in conjunction with other plans and documents in the DCO application, in particular the Book of Reference (application document TR010029/APP/4.3);
  - All easements, servitudes and private rights are proposed to be extinguished on land that is to be acquired unless stated otherwise in the Book of Reference or draft DCO;
  - Plot reference numbers that do not fit into their plot area are represented in a blue box outside of their plot with a leader line pointing to their plot area;
  - Only sheet 1 is included in this delivery due to changes adhering to Deadline 3.

- Legend:**
- Development Consent Order (DCO) boundary
  - Local Authority boundary
  - Land to be acquired – permanent title acquisition
  - Rights to be acquired permanently
  - Land to be used temporarily
  - Cut Line
  - 1/1 Plot Reference Numbers

- Notes**
- These plans should be read in conjunction with Schedule 1 (Authorised Development) to the Development Consent Order (application document reference TR010029/APP/3.1), the Land plans (application document reference TR010029/APP/2.2) and the Engineering drawings and sections (application document reference TR010029/APP/2.8).
  - The proposed works will be subject to detailed design development. Any changes will be limited to being within the DCO boundary or the relevant limits of deviation where not coincident with the DCO boundary and subject to the requirements of Schedule 2 to the Development Consent Order (application document reference TR010029/APP/3.1).
  - Utilities, Diversions and Drainage pipe works are only shown if proposed outside of the highway work limit of deviation. Other utilities are present. Diversions and other drainage pipe works are required and covered within the Development Consent Order (application document reference TR010029/APP/3.1).

**Legend:**

	Development Consent Order (DCO) boundary		Earthworks
	Scheme layout (shown for illustrative purposes)		Flood compensation area
	Proposed New Bridge/Proposed Culvert Extension		Environmental mitigation area
	Existing highway		Ecological mitigation area
	Highway work centre line		Golf Course accommodation works
	Highway and other works limit of deviation		Realigned watercourse
	Termination of linear works		Limit of deviation for realigned water course / Proposed pipe network (only pipes outside highway work limit of deviation are shown)
	Commencement of linear works		GL Gas diversion (centre line)
	Local Authority boundary		Utility diversion limit of deviation (only utilities outside highway work limit of deviation are shown)
	Non-linear work boundary/limit		E Electric Line diversion (centre line)
	Proposed Gantry / Cantilever		Proposed Pipe Network
