Table 2-1 Compulsory Acquisition Schedule for Deadline 7 submission (20 May 2021)	7

1. Introduction

- 1.1.1 This Compulsory Acquisition Schedule relates to an application made by Highways England (the “Applicant”) to the Planning Inspectorate under the Planning Act 2008 (the “2008 Act”) for a Development Consent Order (“DCO”). If made, the DCO would grant consent for the Applicant to undertake the M25 junction 28 improvement scheme (the “Scheme”).
- 1.1.2 This document has been prepared to provide the status of negotiations and agreements for permanent or temporary rights required for the Scheme as at each of the Deadlines identified by the Examining Authority (ExA) pursuant to the Rule 8 letter re- issued on 10 May 2021. The Schedule is an update from that submitted at Deadline 3A (REP3A-005 (clean) and REP3A-0313 (tracked)) as well as the Book of Reference Addendums submitted at various deadlines to provide updates to the ExA (REP4-019, REP5-050, and REP6-024).
- 1.1.3 A description of each plot and the principal land use power(s) sought in the draft DCO in respect of that plot can be found in the Book of Reference.
- 1.1.4 This Compulsory Acquisition Schedule contains the names of each person within Categories 1, 2 and 3 as set out in section 57 (categories for purposes of section 56(2)(d)) of the 2008 Act in respect of any land which it is proposed shall be subject to -
- (1) powers of compulsory acquisition;
 - (2) rights to use land, including the right to attach brackets or other equipment to buildings; or
 - (3) rights to carry out protective works to buildings.
- 1.1.5 A person is within Category 1 if the Applicant after making diligent inquiry, knows that the person is an owner, lessee, tenant, (whatever the tenancy period) or occupier of the land.
- 1.1.6 A person is within Category 2 if the Applicant, after making diligent inquiry, knows that the person
- (a) is interested in the land; or
 - (b) has the power
 - (i) to sell and convey the land; or
 - (ii) to release the land.
- 1.1.7 A person is within Category 3 if the Applicant thinks that, if the proposed application were to be made and fully implemented, the person would or might be entitled
- (a) as a result of implementing of the order;
 - (b) as a result of the order having been implemented; or
 - (c) as a result of the use of the land once the order has been implemented to make a relevant claim as defined in section 57(6) of the 2008 Act.
- 1.1.8 Category 3 also includes:
- Certain Category 1 ‘Owners’;

- All Category 1 ‘Lessees and Tenants’; and
 - Any Category 2 interests for land within the DCO boundary.
- 1.1.9 This Compulsory Acquisition Schedule identifies the current status of the negotiations with interest holders and the plots over which the Applicant is seeking powers of compulsory acquisition (articles 25 and 28) and powers of temporary possession (articles 35 and 36) in the draft DCO (TR010029/EXAM/3.1(6)) for the purposes of the Scheme.
- 1.1.10 As this Compulsory Acquisition Schedule is part of the application documentation it should be read in conjunction with the Land Plans (REP5-002)) and the Special Category Land Plans (REP5-010), the Statement of Reasons (TR010029/EXAM/4.1(1)), Addendum to the Statement of Reasons (REP5-055) the Book of Reference (REP3A-005, REP3A-013, REP4-019, REP5-050 REP6-024), and the draft DCO (TR010029/EXAM/3.1(6)).
- 1.1.11 Category 2 and Category 3 interests are noted in this Schedule for completeness. However, in most cases the Applicant is not able to acquire a Category 2 or 3 interest as the benefit of a right or covenant is usually attached to that party’s nearby land interest (rather than being a personal interest). Therefore, it can usually only be varied or released between the owners of the benefitting and burdened land. Similarly, a Category 2 interest derived from a mortgage cannot be acquired from that lender.
- 1.1.12 Therefore, the Applicant has not sought to negotiate with these Category 2 and 3 interest holders but will continue to review whether it does become possible to vary or release such interests.
- 1.1.13 For the reasons set out above, namely, that in most cases the Applicant is not able to acquire such interests, this Compulsory Acquisition Schedule does not include:
- Those in Part 1: Categories 1 and 2: Qualifying persons under regulation 7(1)(a) of the Infrastructure Planning (Applications: Prescribed Forms and Procedures) Regulations 2009 in relation to subsoil rights, namely Plot 1/1.
 - Those in Part 2b Category 3: Part 1 Land Compensation Act 1973 (or Section 152 Planning Act 2008, where there exists a statutory defence in respect of a Part 1 Land Compensation Act 1973 claim).
 - Those in Part 2a Category 3: Section 10 Compulsory Purchase Act 1965 relating to mortgagees.

2. Compulsory Acquisition Schedule notes

- 2.1.1 Each plot of land shown in this Compulsory Acquisition Schedule has been given a unique reference. The first number relates to the Land Plans sheet on which the plot is located. The second number differentiates between different land parcels on that sheet which are split down based on requirements (i.e. what is being sought from the land) and ownership/interest boundaries.
- 2.1.2 The Schedule (Table 2-1) provides a response to the request from the ExA in the first written questions issued on 14 January 2021 to update table in Annex B (WQ CA 1.3). The objection references in column 1 reflect the references in Annex B table.
- 2.1.3 This schedule has been updated for Deadline 7.
- 2.1.4 The Applicant has now set out under the “Agreement Progress” column a note of:
- i) where there is agreement;
 - ii) where Heads of Terms are agreed;
 - iii) where there is no agreement (i.e. where an agreement is yet to be reached);
 - iv) where there is no likelihood of agreement and additionally; and
 - v) where no agreement is required.

Discussions have focused to date on proposed diversion of Cadent pipeline through plot 1/8 and the potential impact this may have on the Gardens of Peace Muslim Cemetery. Land agent appointed and contacted by VoA to initiate discussions with regards to permanent acquisition of rights by agreement. Discussions are ongoing with Gardens of Peace on Highways England's need and use of this land. A joint meeting was held on 15 March between Cadent Gas, Highways England, Gardens of Peace and their land agents to discuss outstanding issues. Discussions have been ongoing between Cadent Gas, Gardens of Peace and Highways England and a recent meeting was held on site to discuss outstanding concerns in relation to temporary issues during construction. This has now been resolved.	Agreement not yet reached. On 15 March 2021 a draft easement was shared with GoP. On 15 March 2021, Highways England shared draft Heads of Terms with the GoP in order to protect their interests which GoP acknowledged. On 14 April 2021, Highways England shared a draft agreement with the GoP which incorporated the Heads of Terms. Highways England understands that GoP's solicitors will be providing comments on the draft. All parties are committed to working together and entering into an agreement. Highways England is aiming to conclude discussions prior to the end of examination.

Land agent appointed. Agreement to pay fees in place. Meetings were held on 6 August 2020, 5 November 2020, 8 December 2020, 25 February 2021, 17 March 2021 and 29 March 2021 to discuss relevant representations and current design considerations. Discussions on acquiring land and rights by agreement ongoing between Highways England and the landowner's agent. In March, the VoA discussed the potential for an early agreement regarding land acquisition but the landowner's agent explained that an agreement would be hampered by his client's other objections to the Scheme.	Agreement yet to be reached. Highways England expects to agree draft Heads of Terms with the owner of Grove Farm following outcome of discussion around their other, scheme related concerns. The owners of Grove Farm have welcomed the re-positioning of the egress from Grove Farm onto the A12 eastbound onslip road, provision of a visual screening fence and additional landscape planting. This was discussed in a meeting held on 8 April 2021 and in their response submitted to the ExA at Deadline 5 (REP5-067)
