Dear Sir,

London Borough of Havering (20025659) – LB Havering response to Applicant’s Updated draft Development Consent Order. (REP8-009)

LB Havering welcomes the opportunity to comment upon the Applicant’s proposed revisions to the draft DCO.

Havering notes and welcomes the removal in Part 2 Streets, clause 18 (2)(c) that authorises the use as a parking space any road. It believes that this approach will protect its residents and network users against inappropriate parking by contractors.

LB Havering has no comments on the proposed new requirement 15 relating to Maylands Golf course in Schedule 2 Requirements Part 1 of the proposed revised draft DCO.

Havering is extremely disappointed that the Applicant has not taken on board the suggested wording in the ExA draft DCO and as a result the issues pertaining to the draft DCO that Havering has raised previously relating to the removal of the wording “substantially in accordance”, the requirement for a Code of Construction Practice and the process for the Discharge of Requirements, remain.

Havering is very disappointed that the Applicant has not agreed with the ExA’s recommendation for a 42 determination period for a number of Articles within the DCO. Local Authorities are, and will, for some time continue to be operating under severe pressure particularly with regards to resources and an additional 14 days assists local authorities greatly in undertaking this task.

Yours faithfully,

[REDACTED]
Daniel Douglas
