1. Introduction

1.1 Purpose of this document

- 1.1.1 This Book of Reference relates to an application made by Highways England (the “Applicant”) to the Planning Inspectorate under the Planning Act 2008 (the “2008 Act”) for a Development Consent Order (“DCO”). If made, the DCO would grant consent for the Applicant to undertake the M25 junction 10/A3 Wisley interchange (the “Scheme”).
- 1.1.2 This Book of Reference lists the plots of land over which the Applicant is seeking powers of compulsory acquisition (articles 22 and 25) and powers of temporary possession (articles 32 and 33) in the DCO for the purposes of the Scheme. For each plot it identifies whether the Applicant is seeking the power to acquire that plot outright, the power to create and/or acquire permanent rights, or the power to create and/or acquire temporary rights of possession and use. It also lists the persons who may be entitled to make a relevant claim for compensation as explained in paragraph 2.2 below.
- 1.1.3 This Book of Reference has been prepared and submitted in compliance with Regulation 5(2)(d) of the Infrastructure Planning (Applications: Prescribed Forms and Procedure) Regulations 2009 (the “2009 Regulations”), as amended, and in accordance with the Department for Communities and Local Government guidance ‘Planning Act 2008: Guidance related to procedures for compulsory acquisition’ (September 2013).
- 1.1.4 As this Book of Reference is part of the application documents it should be read in conjunction with the following plans:
- Land Plans [REP8-003]
 - the Crown Land Plans (TR010030/APP/2.6 Rev 3, submitted at Deadline 11), and
 - Special Category Land Plans [REP8-006].
- 1.1.5 It should also be read in conjunction with the Statement of Reasons (TR010030/APP/4.1 Revision 2, submitted at Deadline 11), and the Statement of Reasons Appendix C: Common land and open space report [REP8-015], as well as the revised draft Development Consent Order [REP8-027].
- 1.1.6 This Book of Reference is divided into five parts as prescribed by Regulation 7(1) of the 2009 Regulations. Each of the five parts are summarised in the next chapter, together with a brief commentary on how the requirements of the 2009 Regulations have been interpreted and applied to the collation of each part of the Book of Reference.
- 1.1.7 A detailed description of the Scheme can be found in the ‘Introduction to the Application’ [APP-002].

- 1.1.8 The description of each plot also includes the reference to the principal land use power(s) sought in the draft DCO in respect of that plot:
- In respect of plots shaded pink on the Land Plans, where Highways England proposes to acquire the land (on an outright and permanent basis), the plot description includes this wording: "All interests and rights in...";
 - In respect of plots shaded blue on the Land Plans, where Highways England proposes to create and acquire new rights over land (including the right to impose restrictive covenants) and take temporary possession, the plot description includes this wording: "Acquisition of rights over and temporary possession and use of..."; and
 - In respect of plots shaded green on the Land Plans, where Highways England proposes to possess and use land temporarily only, the plot description includes this wording: "Temporary possession and use of...".
- 1.1.9 The four categories of wording described above cross-refer to articles in the draft DCO as follows:
- 1.1.10 "All interests and rights in..." – the compulsory acquisition of land pursuant to article 22 of the draft DCO.
- 1.1.11 "Acquisition of rights over..." – the creation and compulsory acquisition of new rights over land pursuant to article 25 of the draft DCO.
- 1.1.12 "Temporary possession and use of..." – the temporary possession and use of land for the purposes of constructing the authorised development pursuant to article 32, and for the purposes of maintaining the authorised development pursuant to article 33 of the draft DCO.
- 1.1.13 In respect of the plots shaded orange on the Land Plans, neither compulsory purchase nor temporary possession powers are sought. The plot description includes this wording: "No interests or rights to be acquired in...".

2. Book of Reference Description

2.1 Part 1 Description

- 2.1.1 Part 1 of the Book of Reference is described in Regulation 7(1)(a) of the 2009 Regulations, as follows:

Part 1 contains the names and addresses for service of each person within Categories 1 and 2 as set out in section 57 (categories for purposes of section 56(2)(d)) in respect of any land which it is proposed shall be subject to –

1. powers of compulsory acquisition;

II. rights to use land, including the right to attach brackets or other equipment to buildings; or

III. rights to carry out protective works to buildings

- 2.1.2 Part 1 of this Book of Reference contains the names and addresses of each person within Categories 1 and 2, as set out in Section 57 of the 2008 Act, along with the area of each plot of land in which the development will be carried out.
- 2.1.3 A person is within Category 1 if the Applicant after making diligent inquiry, knows that they are an owner, lessee, tenant, or occupier of the land. A person is within Category 2 if they are interested in the land or have the power to sell and convey or release the land.
- 2.1.4 The Applicant has taken the cautious approach of seeking powers of compulsory acquisition (or rights of use) in respect of all plots of land required for the Scheme even where it already holds an interest or presumes it holds an interest in the land, save as referred to in paragraph 3 below. This approach has been taken to ensure that it has the right to acquire the interests it needs in the Order limits even where an unidentified owner later asserts an interest in land which the Applicant believes it owns.
- 2.1.5 Where the occupation of a plot of land is unknown the Book of Reference notes this accordingly, however where utilities information has been obtained and on the basis of diligent inquiry there may be minor occupational interests noted in respect of utilities apparatus within that plot.

2.2 Part 2 Description

- 2.2.1 Part 2 of the Book of Reference is described in Regulation 7(1)(b) of the 2009 Regulations, as follows:

Part 2 contains the names and addresses for service of each person within Category 3 as set out in section 57.

- 2.2.2 Part 2 of this Book of Reference contains the names and addresses (if known by the Applicant) of each person within Category 3, as defined by Section 57 of the 2008 Act. A person is within Category 3 if the Applicant believes that, if the DCO were to be made and fully implemented, they would or might be entitled to make a relevant claim as defined in section 57(6) of the 2008 Act. A relevant claim is a claim under section 10 of the Compulsory Acquisition Act 1965, a claim under part 1 of the Land Compensation Act 1973, or a claim under section 152(3) of the 2008 Act.
- 2.2.3 Category 3 also includes:
- Certain Category 1 'Owners';
 - All Category 1 'Lessees and Tenants'; and
 - Any Category 2 interests for land within the DCO boundary.

2.3 Part 3 Description

2.3.1 Part 3 of the Book of Reference is described in Regulation 7(1)(c) of the 2009 Regulations, as follows:

Part 3 contains the names of all those entitled to enjoy easements or other private rights over land (including private rights of navigation over water) which it is proposed shall be extinguished, suspended or interfered with.

2.3.2 Part 3 of this Book of Reference contains the names of all those with easements or other private rights over land which it is proposed shall be extinguished, suspended or interfered with as part of the DCO.

2.4 Part 4 Description

2.4.1 Part 4 of the Book of Reference is described in Regulation 7(1)(d) of the 2009 Regulations, as follows:

Part 4 specifies the owner of any Crown interest in the land which is proposed to be used for the purposes of the order for which application is being made.

2.4.2 For the avoidance of doubt, any land held by the Applicant no longer constitutes Crown Land. A transfer scheme made pursuant to the Infrastructure Act 2015 states that the “Highways Agency Designated Undertaking” which is defined as the property and rights which were held for the purposes of Relevant Highway Agency Purposes (activities carried out by the Highways Agency or those which concerned functions relating to the highways) is transferred to the Applicant. This includes, for example, all highways in England previously under the jurisdiction of the Highways Agency unless they have been specifically excluded. As the Applicant is not a government department nor does it hold said interests on trust, these plots are not Crown Land (as per section 227 of the 2008 Act).

2.5 Part 5 Description

2.5.1 Part 5 of the Book of Reference is described in Regulation 7(1)(e) of the 2009 Regulations, as follows:

Part 5 specifies land –

- i. the acquisition of which is subject to special parliamentary procedure;*
- ii. which is special category land; and*
- iii. which is replacement land.*

2.5.2 Part 5 of this Book of Reference specifies land that as part of the DCO is acquired subject to special parliamentary procedure, is special category land or is replacement land.

3. Book of Reference Notes

- 3.1.1 Part 1 of this Book of Reference provides the area in square metres of all land included in the DCO.
- 3.1.2 The term 'or thereabouts' is used after all plot area measurements as these measurements are given in square metres and each measurement is rounded to the nearest whole square metre.
- 3.1.3 Each plot of land shown in this Book of Reference has been given a unique reference. The first number relates to the Land Plans sheet on which the plot is located. The second number differentiates between different land parcels on that sheet which are split down based on requirements (i.e. what is being sought from the land) and ownership/interest boundaries.
- 3.1.4 Highways England has taken into account some historic anomalies in the registration of common land, in that some transfers of land which should have been made on account of compulsory purchase orders dating back to the construction of the M25 have not been made and nor have adjustments to the common land register which should have followed.
- 3.1.5 As a result, some land now occupied by the M25 as well as some land occupied by the A3 is still registered as common land (the Historic Common Land). The Historic Common Land is not subject to compulsory acquisition powers in the DCO and is identified as such in part 5 of the Book of Reference.
- 3.1.6 Additionally, some of the exchange land which was to be provided by the Minister for Transport and/or the Secretary of State for Transport (as predecessors to Highways England) (Historic Exchange Land) in exchange for the Historic Common Land has yet to be vested in the owners of the Historic Common Land and registered as common land. Highways England has proceeded on the basis that the Historic Exchange Land has been treated as if it were common land, even though the Historic Exchange Land is not shown as such on the commons register.
- 3.1.7 Highways England is engaged in negotiations with Surrey County Council to effect voluntary transfers of the Historic Common Land and Historic Exchange Land so that the intention of the original compulsory purchase orders is implemented. As this process requires third party involvement, it is outwith the immediate control of Highways England despite its best efforts to resolve this matter prior to the making of the DCO application. In any event good progress has been made on agreeing the terms of the relevant land transfers but as at the date of the submission of the DCO application, the transfers have not completed.
- 3.1.8 These anomalies are picked up in the Book of Reference tables, the Land Plans [REP8-003], the Crown Land Plans (TR010030/APP/2.6 Rev 3, submitted at Deadline 11), Special Category Land Plans [REP8-006], and Orange Land Plans [REP5a-006].
- 3.1.9 This version of the Book of Reference consolidates changes from the version submitted at Deadline 8. The reasons for the changes to the Book of Reference

are summarised in the Schedule of Change to the Book of Reference (TR010030/APP/9.130).

3.2 Proposed change to the DCO - Change 7

- 3.2.1 Changes to the Book of Reference related to Change 7, the optional alternative Private Means of Access to Court Close Farm through Heyswood Campsite, are not included in this revision. However, should the Secretary of State choose this optional alternative, prior to certification under Schedule 11 of the Development Consent Order the relevant entries should be substituted with those in the Book of Reference Addendum (Changes 7-9) [REP7-018].
